

SMT. K. G. MITTAL COLLEGE OF ARTS & COMMERCE

Best Practice 1:

Title: Anytime, Anywhere: For the Students

Objectives: To provide support for students
To enable students to adjust with new learning

Context: To help the students in coming out of the pandemic related issues

Practice: Conduct of hybrid lectures, Payment of fees in installments, Webinars, Co-curricular and extracurricular activities, E-resources, Tests and assignments, Doubt solving, Remedial lectures, Mentoring. An entrepreneurial event named Udyam was organized in which students displayed stalls showcasing their talents including the marketing skills. Cultural events were also organized to provide a platform for the students to nourish their talents.

Evidence of Success: Improvement in academic performance of students, increased participation in webinars and other programs

Problems encountered and resources required: Financial problems and pandemic related issues faced by the students, Upgradation of technical infrastructure

Best Practice 2:

Title: Reaching out to the Community

Objectives: Institution focuses on fulfilling institutional social responsibility through various activities for the benefit of the community.

Context: Located in the midst of socially and economically underprivileged community, the institution takes every opportunity to undertake activities for mutual benefit.

Practice: The institution always takes keen interest to upgrade the community through various activities organised by different committees. Students participate in activities like cleaning drive, mask awareness drive, beach cleaning, awareness drive on tree plantation, bottle gardening, Yoga sessions, paper bag making and distribution. Competitions like poster making, paragraph writing are also conducted on socially relevant themes for the benefit of the students.

Evidence of Success: Increased awareness among the students on socially relevant issues, Enhanced participation of students in various activities

Problems encountered and resources required: Financial problems of the students which compels them to go for job, restricting their participation in various activities
